

Provenance Burke-Gaffney Fonds

Title Research Series

Date [1940-1979]

Extent 1.61m of textual and 30cm of graphic materials (4.5 boxes)

Administrative History/Biographical Sketch See Fonds level description.

Scope and Content Series forms part of the Burke-Gaffney fonds and consists of numerous topics including: Astrology, Bonnechamps, Bourdon, Bishop Burke, Lewis Carroll, Demonology, Earthquakes, Education, Energy, Engineering, Expo '67, Flowers, History of Science, Ireland, Kepler, Mathematics, Mysticism, Rouen, and Superstition. Some photographs were included in this series.

Restrictions Access is unrestricted.

Finding Aid Note Bibliography of published materials is available in the Archives; Photographs are catalogued on the Photograph Database, available in the Archives. Refer to that database for location numbers; The files in this series were the basis for much of the material in the Manuscripts series and were possibly used for course materials.

Location 1999.17 I, J, K, L, M ; Photograph Collection.
