Student Summer Employment Opportunities with Parks Canada Agency

Are you looking for summer employment? Parks Canada Agency hires over 1,000 students across the country each year from secondary schools, CEGEP, colleges, technical institutes and universities. We offer a rewarding employment experience which allows you to gain valuable experience in the area of your interest to develop and improve your employability skills. We are always looking for **bilingual** students to fill some of our summer positions!

Parks Canada Agency utilizes the **Federal Student Work Experience Program (FSWEP)** to staff all student positions. Students interested in employment with Parks Canada must submit an online application to FSWEP in order to become eligible for hiring. Parks Canada and other federal government departments and agencies will access this inventory of students through random searches based on the skills and requirements of the job. If your name is selected, you will be contacted for an interview.

For more information on FSWEP and to register, please visit the following website:
