

BIOBLITZ 2010

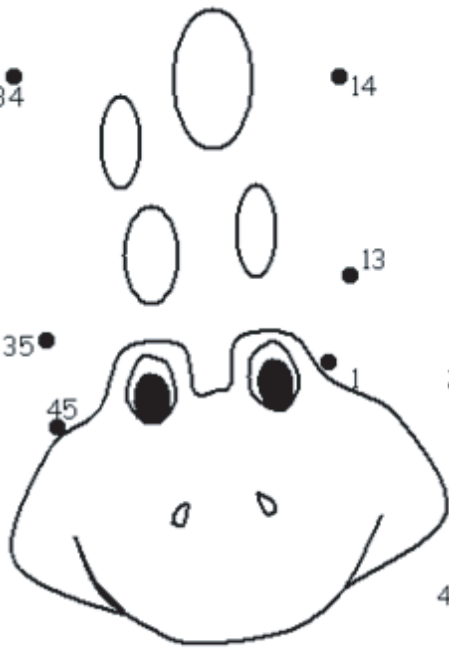

Come Join Local Scientists lead a wildlife search of the park!

Dear Families,

We would like to invite you and your family to attend this year's BioBlitz at Crystal Crescent Beach Provincial Park! BioBlitz is a 24 hour wildlife search in which teams of scientists and students identify as many species as they can! It is a great chance for families to spend some time together in nature and learn a lot about your neighbourhood.

On Saturday June 5th, you are welcome to join scientists to look at different species, check out environmental exhibits and go on naturalist - led hikes!
