

Articulated Advanced Standing Credit for NSCC Programs

Saint Mary's University will grant advanced standing credit for studies in selected programs offered by the Nova Scotia Community College. In particular, selected two-year diploma programs have been reviewed and the credit transfer policies for graduates are described below. Students who have completed other programs or have enrolled but not graduated from the programs below, may also receive credit, but evaluation is on a case by case basis.

Articulated Advanced Standing Credit

Graduates with an overall average of 70% in the following two-year diploma programs may receive between 30 and 60 credit hours toward a Bachelor degree at Saint Mary's University.

Business Administration- Accounting	60 hours
Business Administration-Financial Services	57 hours
Business Administration- Information Management	48 hours
Business Administration-Investment Management	45 hours
Business Administration-Management	60 hours
Business Administration-Marketing	60 hours
International Business (with 1 st year of Business Administration)	60 hours
American Sign Language/English Interpretation	30 hours
Radio & Television Arts (all specializations)	30 hours
Library and Information Technology	30 hours
Paralegal Services	30 hours
Early Childhood Education	30 hours
Human Services-Addictions Counselling	30 hours
Human Services-Child & Youth	30 hours
Human Services-Community Services	30 hours
Human Services-Correctional Services	30 hours
Human Services-Educational Support	30 hours
Human Services-Interdisciplinary Studies	30 hours
Human Services-Residential & Vocational Services	30 hours
Human Services-Therapeutic Support	30 hours
Recreational Leadership	30 hours
Environmental Engineering Technology – Water Resources	60 hours

The evaluation of credit hours is based upon the 2008-2009 Academic Calendar for the Nova Scotia Community College. Students whose programs differ from this may not receive the same credit. Credit will not be automatically be recognized for courses completed more than ten (10) years prior to admission to Saint Mary's University.

In diploma programs where students have electives, only certain electives are recognized for credit.

Students must fulfill all of the requirements for their chosen degree and major as delineated in the Saint Mary's University Academic Calendar. In many cases, all of the credits hours (up to 60) recognized for advanced standing can be applied toward the Saint Mary's degree program. Students should be aware, however, that the applicability of the credits depends upon the student's chosen degree and major. In particular, students entering the Bachelor of Commerce program may find that not all advanced standing credit can be applied to their selected major. For the Business Administration programs, credit applicability to a Bachelor of Arts or Bachelor of Science is limited.

In general, for all of the above programs for which 30 credit hours are granted, students should find that all 30 hours can be applied to their degree and major (with the exception of Engineering).

Details on credit granted for each diploma is described on the following pages. Students who require clarification should consult the Arts, Business or Science program adviser, as appropriate.

Business Administration

Accounting 60 credit hours

All Diploma in Business Administration students complete a common first year program.

NSSC Year 1 (30 credit hours)

MKTG 2000	Marketing Strategies	BUSI 1902	Business elective
		MGMT 1281	Intro to Business

Note that credit for ACCT 2241 is based upon completion of both ACTG 1000 and 2000. Similarly, credit for CISY 1225 is based upon completion of COMP 1101, 2105 and 2110. COMP 2215 and MKTG 2000 have no exact equivalencies at Saint Mary's, but credit is given as unrestricted business electives. Within each major in the Bachelor of Commerce, students have the opportunity to take unrestricted (free) electives. These BUSI courses can be used to fulfill these electives.

Credit for MGMT 1281 is not assigned an equivalency to a specific course but is based upon graduation from the diploma, regardless of concentration.

The Accounting concentration has provision for two electives. Students are advised to take HUSV 1000 and HUSV 1001 if they wish to receive advanced standing credit.

Suggested Program of Study for Accounting Diploma Students

The sequence of courses taken at Saint Mary's University to complete the Bachelor of Commerce will depend upon the major selected within the Bachelor of Commerce. The B.Comm. program is composed of a core set of 60 credit hours of required courses, 21-24 credit hours of non-business electives, 15-30 hours of required major courses and 6-21 hours of unrestricted (free) electives. Details of the program requirements for B.Comm. majors can be found in Section 3 of the Saint Mary's University Academic Calendar.

Accounting Concentration to General Business Major

The major with the greatest flexibility is the General Business Major. This major is intended for students who wish to design their own customized program of study. A suggested sequence for Years 3 and 4 is as follows:

Fall Year 3	Winter Year 3	Fall Year 4	Winter Year 4
MGSC 1206	MGSC 2207	FINA 3361	MGMT 4489
ECON 1202	FINA 2360	CMLW 2201	Business elective
ENGL 1205	ECON elective	Business elective	Business elective
Arts/Science elective	Arts/Science elective	Arts/Science elective	Arts/Science elective
Unrestricted elective	Arts/Science elective	Arts/Science elective	Unrestricted elective

Accounting Concentration to Accounting Major

Due to the requirements of the Accounting major, only 54 credit hours from the diploma with a concentration in accounting can be applied toward the B.Comm. with a major in Accounting. This leaves 6 credit hours of Arts/Science electives during the summer between Years 3 and 4 or at some other time.

If the student received the full 60 credit hours of advanced standing from NSCC, then a recommended sequence for Years 3 and 4 would be as follows:

Fall Year 3	Winter Year 3	Summer Year 3
MGSC 1206	MGSC 2207	Arts/Science elective
ECON 1202	FINA 2360	Arts/Science elective
ENGL 1205	ECON elective

Financial Services Concentration to General Business Major

The major with the greatest flexibility is the General Business Major. This major is intended for students who wish to design their own customized program of study. If the student chooses to complete a Bachelor of Commerce with a major in General Business, then this will require 63 credit hours, slightly longer than 4 full semesters (two years) of full time study. There is no major offered at Saint Mary's University that is equivalent to Financial Services. The Finance major does focus on the investment sector but from the perspective of the corporation or investment management firm rather than from that of the personal investor.

A suggested sequence for Years 3 and 4 is as follows:

The B.Comm. program is composed of a core set of 60 credit hours of required courses, 21-24 credit hours of non-business electives, 15-30 hours of required major courses and 6-21 hours of unrestricted (free) electives. Details of the program requirements for B.Comm. majors can be found in Section 3 of the Saint Mary's University Academic Calendar.

Marketing Concentration to General Business Major

The major with the greatest flexibility is the General Business Major. This major is intended for students who wish to design their own customized program of study. A suggested sequence for Years 3 and 4 is as follows:

Fall Year 3	Winter Year 3	Fall Year 4	Winter Year 4
MGSC 1206	MGSC 2207	FINA 3361	MGMT 4489
ECON 1202	FINA 2360	MGMT 3480	Business elective
ENGL 1205	ECON elective	CMLW 2201	Business elective
Arts/Science elective	Arts/Science elective	Arts/Science elective	Business elective
ACCT 2242	Arts/Science elective	Arts/Science elective	Arts/Science elective

Marketing Concentration to Marketing Major

Due to the specific course requirements of the Marketing major, only 57 credit hours from the diploma with a concentration in Marketing can be applied toward the B.Comm. with a major in Marketing. This leaves 3 credit hours of Arts/Science electives during the summer between Years 3 and 4 or at some other time.

If the student received full 60 credit hours of advanced standing from NSCC, then the recommended sequence for Years 3 and 4 would be as follows:.

Fall Year 3	Winter Year 3	Summer Year 3
MGSC 1206	MGSC 2207	Arts/Science elective
ECON 1202	FINA 2360	
ENGL 1205	ECON elective	
Arts/Science elective	CMLW 2201	
ACCT 2242	Arts/Science elective	

Fall Year 4	Winter Year 4
FINA 3361	MGMT 4489
MGMT 3480	MKTG 4479
MKTG 3376	Arts/Science elective
MKTG 3378	Arts/Science elective
Arts/Science elective	Arts/Science elective

International Business

(with 1st year of Business Administration) 60 credit hours

		MGMT 1281	Intro to Business

Note that credit for ACCT 2241 is based upon completion of both ACTG 1000 and 2000. Similarly, credit for CISY 1225 is based upon completion of COMP 1101, 2105 and 2110. COMP 2215 and MKTG 2000 have no exact equivalencies at Saint Mary's, but credit is given as unrestricted business electives. Within each major in the Bachelor of Commerce, students have the opportunity to take unrestricted (free) electives. These BUSI courses can be used to fulfill these electives.

Credit for MGMT 1281 is not assigned an equivalency to a specific course but is based upon graduation from the diploma, regardless of concentration.

The International Business concentration has provision for one elective. Students are advised to take HUSV 1000 or HUSV 1001 if they wish to receive advanced standing credit.

Suggested Program of Study for International Business Diploma Students

The sequence of courses taken at Saint Mary's University to complete the Bachelor of Commerce will depend upon the major selected within the Bachelor of Commerce. The B.Comm. program is composed of a core set of 60 credit hours of required courses, 21-24 credit hours of non-business electives, 15-30 hours of required major courses and 6-21 hours of unrestricted (free) electives. Details of the program requirements for B.Comm. majors can be found in Section 3 of the Saint Mary's University Academic Calendar.

International Business Concentration to General Business Major

The major with the greatest flexibility is the General Business Major. This major is intended for students who wish to design their own customized program of study. If the student chooses to complete a Bachelor of Commerce with a major in General Business, then this will require 60 credit hours, 4 full semesters (two years) of full time study. There are a number of similarities between the International Business concentration and the Global Business Management major at Saint Mary's University. Nonetheless there are many differences among course requirements, especially those outside of business courses. Students are recommended to complete the General Business major, since this affords the best use of their NSCC credits.

A suggested sequence for Years 3 and 4 is as follows:

Fall Year 3	Winter Year 3
ECON 1202	ACCT 2242
ENGL 1205	CMLW 2201
MGSC 1206	MGMT 2384
Arts/Science elective	MGSC 2207

Course Sequencing for Selected Two Year Programs Block Credit into BA, BSci, BComm

In accordance with the Articulation Agreement between The Nova Scotia Community College and Saint Mary's University, graduates of many NSCC Diplomas may receive 30 credit hours of advanced standing credit toward the requirements of the 120 credit hour Bachelor of Arts, Commerce or Science degree at Saint Mary's University. What follows is guidance on course sequencing after they transfer to Saint Mary's University for graduates of the following programs:

- American Sign Language/English Interpretation
- Radio & Television Arts (all specializations)
- Library and Information Technology
- Paralegal Services
- Early Childhood Education
- Human Services-Addictions Counselling
- Human Services-Child&Youth
- Human Services-Community Services
- Human Services-Correctional Services
- Human Services-Educational Support
- Human Services-Interdisciplinary Studies
- Human Services-Residential&Vocational Services
- Human Services-Therapeutic Support
- Recreational Leadership

For each of the above programs, students receive 30 credit hours of block credit composed of LITR 1901, LOGX 1901, LOGX 1902 and 12-15 hours of Arts or Science credit and 6-9 hours of unspecified elective credit. In general, all 30 hours of credit can be applied to a B.A., B.Sc. or B.Comm. degree. 30 credit hours is the equivalent of one year of study. However, since all of the above programs are different from any majors offered at Saint Mary's University, students must carefully plan the sequence of their remaining 90 credit hours if they wish to graduate within three years of enrolling.

Suggested Course Selection and Sequencing for the B.A. Program

The B.A. has a balance between breadth and depth of study. Breadth is met through the Basic Arts requirements. Depth is addressed both through both advanced study in a selected Major field as well as advanced study in Arts electives. The B.A. is a very flexible degree in which most requirements being satisfied in multiple ways. The split of credit hours among the various components is approximately as follows:

Basic Arts	30 credit hours
Major	36-48 credit hours
Additional Arts courses at 2 nd year level and above	30 credit hours
Unspecified electives	18-24 credit hours

The details vary across majors but in all instances students must have at least 66 credit hours of Arts credits at the 2nd year (2000 level) or above.

Planning of Year 2 (1st year at Saint Mary's after transfer) is very dependent upon which specific advanced credits were awarded. Within years 1 and 2 of the B.A. students should have completed the following 60 credit hours:

LITR 1901 (3 credit hours)
LOGX 1901 (3 credit hours)
LOGX 1902 (3 credit hours)
Humanities 9 credit hours (HUMA, CLAS, ENGL, HIST, PHIL, RELS)
Social Sciences 12 credit hours (SSCI, ANTH, ECON, GEOG, LING, POLS, PSYC, SOCI)
Major 6 credit hours
Arts at the 2000 level 6 credit hours – consult an advisor for advice on selection
Electives 18 credit hours

In years 3 and 4 of the B.A. students will normally complete 36 credit hours in the major at the 2000 level and above and 24 credit hours in Arts subjects at the 2000 level and above. The specific courses for the major are described in the Academic Calendar.

Recommendations for Years 2, 3 and 4 courses for each NSCC diploma program are given in the main document.

Suggested Course Selection and Sequencing for the B.Sc. Program

In general there are no courses taught within the above NSCC diplomas that have exact equivalents in Science. However, the B.Sc. has many elective requirements that can be satisfied by diploma credits. The requirements of the B.Sc. are as follows:

LITR 1901

3 credit hours in Humanities

6 credit hours in MATH or CSCI numbered 1210 or above

12 credit hours in Arts subjects

18 credit hours in Science, but not in the major subject

At least 42 credit hours in the major subject

Up to 36 credit hours of electives such that total credit hours equal 120.

Treating the advanced standing from NSCC as Year 1 of the B.Sc., then Years 2, 3 and 4 would typically look as follows:

Year 2:

6 credit hours in MATH or CSCI numbered 1210 or above

18 credit hours in Science

6 credit hours of electives

Year 3:

18 credit hours in the major subject

6 credit hours in Science, but not in the major subject

6 credit hours of electives

Year 4:

18 or more credit hours in the major subject, as required

12 credit hours of electives (or less if the major requires more than 18)

In most instances the electives are unrestricted but students should ensure that if they did not receive at least 12 credit hours of advanced standing in Arts subjects that they allocate sufficient electives to make up the difference.

Note that students would still be expected to have met the normal admission requirements to the B.Sc., namely a minimum grade of 60% in the following Grade 12 courses:

- Pre-Calculus
- 3 Sciences
- 1 other academic subject

Suggested Course Selection and Sequencing for the B.Comm. Program

If students are transferring to the B.Comm. program from diploma programs other than Business Administration (such as the ones listed at the start of this document), then they will usually receive 30 credit hours that can be applied to the B.Comm. Treating these credits as Year 1, then Years 2, 3 and 4 of the B.Comm. might look as follows:

Year 2:

Fall	Winter
ECON 1201	MGSC 1206
ECON 1202	ACCT 2241
MGMT 1281	MGMT 2383
MGSC 1205	MGMT 2384
CISY 1225	MKTG 2270

Year 3:

Fall	Winter
ACCT 2242	MGMT 3480
COMM 2293	FINA 2360
MGSC 2207	ECON elective
Major subject	Major subject
Major subject	Major subject

Year 4:

Fall	Winter
CMLW 2201	MGMT 4489
FINA 3361	Major subject
Major subject	Major subject
Non-Business elective	Non-Business elective
Major/Non-Business	Major/Elective

Major requirements vary among majors which may cause differences in sequencing from the above (particularly for Accounting or Finance). Further, the number and mix of electives varies among majors. Consult the Academic Calendar and the Business Program Advisor for assistance.
