Telling the Saint Mary's Story

Vision:

Saint Mary's, building on its strong tradition of accessibility and community engagement, will be the university of choice for aspiring citizens of the world.

Mission:

The mission of Saint Mary's University is to offer undergraduate, graduate, and life-long learning programs; to engage in research and disseminate its results; and to serve the community from the local to the international level.

- » For 215 years, we have leapt over boundaries and barriers, and as a result, we are a Canadian leader in opening doors to university and the success that lies beyond.
- » We are globally relevant and connected.
- » We are national leaders in business education and we mentor and develop innovators and entrepreneurs in every discipline.
- » We work with and for our community – it is at the heart of who we are.
- » Our researchers are united – working together in new ways to take on global challenges.
- » Our students stand out – for their determination, perseverance and ambition to make a difference in the world.
